## HOW TO CITE RULES AND RSMo

**RULES**—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1 Department	CSR	10- Agency, Division	1. General area regulated	010 Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

**RSMo**—The most recent version of the statute containing the section number and the date.

WHEREAS, the State of Emergency will expire on September 15, 2011; and

WHEREAS, the tornadoes, floods and severe storms that have impacted the State caused catastrophic damage and significant loss of life and continue to cause distress and hazards to citizens and communities across the state; and

WHEREAS, the magnitude of the ongoing recovery efforts exceeds the capabilities of local jurisdictions and other established agencies and will necessitate the continued assistance of state emergency resources, including the Missouri National Guard; and

WHEREAS, the Missouri National Guard continues to coordinate demolition and debris removal efforts in Joplin and to assist communities affected by flooding; and

WHEREAS, there is still a need for replacement driver licenses, nondriver licenses, vehicle titles, license plates, tabs and other documents lost or destroyed during the devastating tornado; and

WHEREAS, as cleanup efforts from the various natural disasters continue, it remains necessary for the Department of Natural Resources to be authorized to temporarily waive or suspend certain administrative or statutory rules or regulations to assist in the recovery effort; and

WHEREAS, several executive orders have been issued pursuant to the emergency powers contained in Chapter 44, RSMo, to aid in the response to these disasters and relieve the distress and hardship experienced by the affected citizens and communities.

NOW THEREFORE, I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, by the power vested in me by the Constitution and laws of the State of Missouri, including Chapter 44, RSMo, do hereby extend the declaration of emergency contained in Executive Order 11-06 (and extended by Executive Order 11-09 and Executive Order 11-19) until December 15, 2011 unless extended in whole or in part by subsequent order.

**U**nder this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

**E**ntirely new rules are printed without any special symbol under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

**A**n important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

**I**f an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

**A**n agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

**I**f an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

**Boldface text indicates new matter.**

*[Bracketed text indicates matter being deleted.]*

**PROPOSED AMENDMENT**

**3 CSR 10-10.744 Commercial Deer Processing: Permit, Privileges, Requirements.** The commission proposes to amend section (2) of this rule.

**PURPOSE:** This amendment stipulates that permit holders must meet certain requirements of the Department of Agriculture to ensure sanitary conditions in their operations.

(2) To commercially process and store legally acquired deer taken from the wild stock of the state, applicants for a Commercial Deer Processing Permit must qualify by being approved by the Missouri Department of Agriculture as a Custom Exempt Operation (Refer to Missouri Department of Agriculture for applicable rules and regulations pertaining to Custom Exempt Operation.). The commercial processor shall post a notice and inform patrons of the provisions of this rule, and shall keep accurate records of all deer processed and stored. These records shall be retained for twelve (12) months. Future permits shall be conditioned on compliance with this rule. All records and stored deer shall be made available for inspection by an authorized agent of the department at any reasonable time.

**PUBLIC COST:** This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

**PRIVATE COST:** This proposed amendment will cost private entities approximately thirty-seven thousand five hundred dollars (\$37,500) total in the five (5)-year aggregate. This information is based on three hundred (300) permit holders (approximate number of deer processing operations) × twenty-five percent (25%) (anticipated number of permit holders that would require upgrade to their facilities to meet Missouri Department of Agriculture requirements to be a Custom Exempt Operation) × five hundred dollars (\$500) (one (1)-time cost to upgrade those facilities) = thirty-seven thousand five hundred dollars (\$37,500).

**I. RULE NUMBER**

Title: 3 - Department of Conservation
Division: 10 Conservation Commission
Chapter: 5 Permits
Type of Rulemaking: Proposed amendment
Rule Number and Name: 3 CSR 10-10.744 Commercial Deer Processing: Permit, Privileges, Requirements.

**II. SUMMARY OF FISCAL IMPACT**

Estimate of the number of entities by class which would likely be affected by the adoption of the proposed rule:	Classification by types of the business entities which would likely be affected:	Estimate in the aggregate as to the cost of compliance with the rule by the affected entities:
Approximately 300 Deer processing operations	Custom exempt meat processing operations	\$37,500

**III. WORKSHEET**

300 permit holders X 25% X \$500 = \$37,500

**IV. ASSUMPTIONS**

The amendment is intended to ensure that all deer processing operations meet the minimum meat inspection requirement for Custom Exempt Establishments under MO Department of Agriculture rules. There should be no additional costs incurred for deer processing facilities, unless they need to upgrade their work areas to meet minimum food safety and sanitation inspection standards. We estimate that approximately 25% of current deer processing permit holders may need to make some improvements to meet these standards, at an estimated average cost of \$500 per location.

## **Title 10—DEPARTMENT OF NATURAL RESOURCES**

### **Division 23—Division of Geology and Land Survey**

#### **Chapter 1—Definitions and Organizational Structure**

#### **PROPOSED AMENDMENT**

**10 CSR 23-1.050 Qualifications.** The division is amending sections (1), (2), (3), (7), (9), and (14), adding a new section (15), and renumbering subsequent sections.

**PURPOSE:** This amendment establishes the criteria and procedures used in permitting a well installation, heat pump installation, monitoring well installation, or pump installation by an employee or drilling supervisor contractor in Missouri.

(1) All applicants for a nonrestricted water well installation, heat pump installation, monitoring well installation, monitoring test-hole installation, and pump installation contractor permits shall meet the following requirements:

(C) After passing the general test, applicant must submit an apprenticeship application, supplied by the division. The apprenticeship application must be accompanied by the appropriate permit fee, and must be signed by the nonrestricted permittee who will be responsible for the apprenticeship and apprentice's work. Permittees who have had major enforcement actions taken against them (includes but is not limited to, settlement agreements, orders, consent judgments, suspension, or revocation) may not serve as an apprentice's responsible party for a period of one (1) year from the date of the division or court's signature on the final enforcement documents;

(F) During the two (2)-year apprenticeship, the apprentice must perform the type of work for the permit type being applied for and sign and submit the appropriate certification or registration form on at least:/—

1. Twenty-five (25) different water well installations; however, if apprentice performs installations and submits the appropriate certification form on ten (10) community wells, he/she may submit proof of financial responsibility for the remainder of the apprenticeship and perform work as stated in 10 CSR 23-1.050 (15);

2. Twenty-five (25) different pump installations; however, if apprentice performs installations and submits the appropriate certification form on ten (10) community wells, he/she may submit proof of financial responsibility for the remainder of the apprenticeship and perform work as stated in 10 CSR 23-1.050 (15);

3. Ten (10) different heat pump system installations; /and/or/

4. Twenty (20) different monitoring well or twenty (20) different temporary monitoring well sites; and/or

5. The plugging of abandoned wells may be counted for up to ten percent (10%) of all the required number of installations;

(H) Applications submitted from work performed by an apprentice in other states will be considered as long as the corresponding state has construction requirements similar to the requirements of the state of Missouri, as determined by the division;

(J) At the end of the two (2)-year apprenticeship, the apprentice must submit a testing application and the appropriate testing fee for the specific (closed book) test;

(K) If, at the end of the two (2)-year period, the apprentice has not completed the required number of installations, the apprentice may apply to extend the apprenticeship on a year-by-year basis/./. If apprentice does not re-apply, within thirty (30) days of their renewal date, the apprenticeship will be cancelled; and

(2) The apprentice may transfer to another company; however, a non-restricted permittee must sign as the responsible party for the apprentice. The apprentice may apply to transfer to another company by submitting a new apprenticeship application to the division. If an apprentice requests to be permitted under more than one (1) company, the apprentice must submit the appropriate application and fee for each company. Apprentice will be issued separate permit numbers for each company under which he/she serves as an apprentice. A nonrestricted permittee, from each company, must sign the application as the responsible party for each company.

(3) Applicants for a nonrestricted permit, who were previously permitted with the state, as evidenced by a department-issued permit number, which was in good standing, as determined by the department, are exempt from the requirements of 10 CSR 23-1.050(1)(C) through 10 CSR 23-1.050(1)(L) and provision 10 CSR 23-1.050(3)(C) below. These applicants may only apply for the same type of permit as held previously without being subject to the requirements of 10 CSR 23-1.050(1)(C) through 10 CSR 23-1.050(1)(L) or 10 CSR 23-1.050(3)(C). Applicant must also have submitted the required certification and/or registration forms for the required number of installations, listed in 10 CSR 23-1.050(1)(F), to be exempt. If appropriate number of certification and/or registration forms have not been submitted, applicant must submit proof of financial responsibility as stated in 10 CSR 23-1.050(3)(C). Applicants who were previously permitted but are applying for a different type of permit must adhere to 10 CSR 23-1.050(3)(A)—10 CSR 23-1.050(3)(C). Applicants for [the] a nonrestricted permit who /hold a valid permit that is in good standing in another state, with requirements similar to the state of Missouri's requirements, as determined by the division, or who is/ currently [permitted with the state of Missouri,] hold a different type of contractor permit with the state of Missouri, as evidenced by a department-issued permit number, which is in good standing, as determined by the division, and wish to be exempt from the requirements of 10 CSR 23-1.050(1)(C) through 10 CSR 23-1.050(1)(L), must submit the testing application, appropriate testing fee, and proof of the valid permit to be scheduled for the test. After passing the general (open book) and specific (closed book) tests with a minimum score of seventy percent (70%) on each test, the applicant must /submit each of the following/ adhere to 10 CSR 23-1.050(3)(A)—10 CSR 23-1.050(3)(C) and submit required information to the division within thirty (30) days/./—

(B) Vehicle application, supplied by the division, for each drilling rig, pump truck, or service rig which will be used by the permittee and appropriate fee, unless the vehicle is already permitted under another company contractor;

(C) Proof of financial responsibility in the form of a surety bond, certificate of deposit (CD), or irrevocable letter of credit in the amount of twenty-five thousand dollars (\$25,000). The bond, CD, or letter of credit shall be subject to the following:

1. It must be /P/placed on file with the division;

2. It must be /M/made payable to the Department of Natural Resources;

3. It must be //issued by an institution authorized to issue such bonds in this state;

4. A /C/certificate of deposit (CD) must be automatically renewable for time frame covering the apprenticeship; /and/

5. Any interest on the certificates of deposit shall be made payable to the permittee/./;

6. If the bond, CD, or letter of credit is cancelled by the issuing agent, permittee must submit new proof of financial responsibility within thirty (30) days of cancellation, or permit will be cancelled;

/(D)/7. The requirement for proof of financial responsibility shall cease after two (2) consecutive years of permitted activity if the

contractor does not have any outstanding notices of violation against their permit. If the contractor does not have any outstanding violations at the end of the two (2)-year period, the bond, CD, or letter of credit will be returned to the contractor within thirty (30) days of the end of the two (2)-year period;

*/(E)/8.* If, at the end of those two (2) years, the division has found that the contractor has failed to meet the construction standards set forth in the Missouri Well Construction Rules, the division shall notify the contractor, within sixty (60) days, that the bond, CD, or letter of credit will be forfeited and the moneys placed in the Groundwater Protection Fund for remedial action, if the permittee does not bring the well or wells up to the standards established in the notice of violation(s) within *the timeframes determined by the division* thirty (30) days. The division may, upon expiration of the notification period, then expend whatever portion of the bond, CD, or letter of credit is necessary to hire another contractor to bring the wells or boreholes up to the standards set forth in the notice of violation(s) or to plug the well(s) and construct a new well(s); *for*

**9. Monies forfeited from the proof of financial responsibility and deposited in the Groundwater Protection Fund may be used by the department to remediate the contractor's violations;**

*/(F)/10.* If, at the end of those two (2) years, the division has found that the contractor has outstanding violations against the administrative standards set forth in the Missouri Well Construction Rules, the division shall notify the contractor, within sixty (60) days, that the bond, CD, or letter of credit will continue to be held as a condition of permit renewal for a period of another two (2) years; if the contractor does not resolve outstanding violations within thirty (30) days. The contractor must renew the bond, CD, or letter of credit for another two (2) years within thirty (30) days of notification or permit will be subject to enforcement action which may include suspension or revocation; and

**11. Applicant must also pre-notify any work performed which is regulated by the Missouri Well Construction Rules. Applicant must notify the division of work to be performed at least twenty-four (24) hours prior to start of regulated work. Notification must include owner name, address, GPS location, type of work to be performed, and date work will begin. The pre-notification requirement will be effective for the first full year from the permit issue date.**

(7) A completed application for testing must be received fifteen (15) days prior to the testing date for which the applicant wishes to be scheduled. The division will notify the applicant within ten (10) days from receiving the completed application for testing if the applicant has qualified to take the test applied for and the date of the next available test. The testing fee is due before the test is given. A separate application and fee must be paid for each attempt to pass a test.

**(9) If the /A/applicant /may retake all tests on the same day if time allows. All retakes must be accompanied by the testing fee./ fails to pass a test on the initial test date, he/she may retake one (1) time, otherwise the following time frames for retesting shall apply:**

(A) Third test date shall be no sooner than thirty (30) days after the initial test date;

(B) Fourth test date shall be no sooner than sixty (60) days after the second test date; and

(C) Fifth and all subsequent test dates shall be no sooner than one hundred eighty (180) days from the previous test date.

(D) All retakes must be accompanied by the testing fee at the time of the retake.

(14) A nonrestricted permitted well installation, heat pump installation, monitoring well installation, monitoring test-hole installation, pump installation contractor, or any combination of these, **from the company responsible for the apprentice**, must be present at all

times during the apprentice's *[initial]* required number of installations (see subsection (1)(F) of this rule). The nonrestricted permittee must be on site during the initial installations (see subsection (1)(F) of this rule) while a well is being drilled and completed, a pump is being set, or any combination of these. **The nonrestricted permittee on site must hold the same type of permit as the type of work being performed by the apprentice.**

**(15) A nonrestricted permittee must be on site at all times until the required number of installations, in 10 CSR 23-1.050(1)(F), is met by the apprentice.**

*/(15)/(16)* Persons who wish only to drill the heat pump hole and grout the closed-loop into the heat pump hole must obtain a permit to do so. The permit will be restricted to the previously mentioned activities and a current nonrestricted water well installation contractor's permit is required as one (1) of the qualification criteria. Those people who wish to apply for this type of heat pump installation contractor's permit that have a valid nonrestricted water well installation contractor permit must take only the general test covering heat pump construction.

*/(16)/(17)* Applicants for contractor permits who do not meet the requirements set out in this rule may petition the board. The board has the authority to rule upon the qualifications of the applicants and may require additional evidence of qualifications.

**SUMMARY OF COMMENTS:** The commissioner received one (1) letter of comment on the proposed amendment.

**COMMENT #1:** Harvey Tettlebaum, on behalf of Husch Blackwell LLP, suggested that section (8) of the amendment incorporate a fourteen (14)-day deadline for the commissioner to issue a written decision on each appeal for denial of certification MBE or WBE status.

**RESPONSE:** The Office of Equal Opportunity is a small division within the Office of Administration with limited staff and legal resources. While the office anticipates that most appeals will be resolved within the suggested fourteen (14)-day window, complex legal issues may arise that require a more detailed analysis than can be conducted in a two (2)-week period. The office believes that the flexibility of the rule as drafted without an arbitrary deadline will permit full and fair consideration of all appeals. The proposed amendment will not be changed in response to this comment.

**ORDER OF RULEMAKING**

By the authority vested in the Commissioner of Administration under section 34.050, RSMo 2000, and section 34.074, RSMo Supp. 2010, the commissioner amends a rule as follows:

1 CSR 40-1.050 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 1, 2011 (36 MoReg 1609–1614). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The commissioner received a total of thirty (30) letters of comment on the proposed amendment, twenty-nine (29) of which were identical to each other.

COMMENTS #1–29: JaNola Rigsby, St. Louis, MO; Craig Lanouette, St. Louis, MO; Scott Kiefer, St. Louis, MO; Michael Whipkey, St. Louis, MO; John J. Howard, St. Louis, MO; Kathy M. Vlasnik; John M. Parsarello; Kristin L. Gregory; Madeline J. McNicholas; Berlan Hamilton; Thomas L. Johnson; Charles McCarty, St. Louis, MO; James G. Eckes, Las Vegas, NV; Rodney D. Hudson, Abington, MD; Paul Jenkins, Chicago, IL; Carlos M. Lopez, Atlanta, GA; Paul A. Polowski, San Diego, CA; R. C. Forrest, San Antonio, TX; Doug Henry, Newark, OH; A. J. Wilson, San Diego, CA; Walter S. Howerton, Richwood, WV; William G. Apostal, Abingdon, MD; Robert F. McMillan, Jr., Oakbrook Terrace, IL; Jill Clough-Johnston, Upton, NY; Tim Sheridan, Wausau, WI; Jerry Crow, MN; Laurie Carlson, Wood Dale, IL; Rick Fryar, Longmont, CO; and Ed Robinson, New Orleans, LA, all sent copies of a letter supporting the proposed amendment as it relates to the Service Disabled Veterans preference, but suggesting that a one hundred (100)-point scale be mandated for all purchasing evaluations. The Office of Administration had eight (8) rules published in the July 1, 2011, *Missouri Register*, four (4) of which implement Service Disabled Veterans' preference legislation. The letter did not specify a proposed amendment by number, but based upon the context, it appears to be directed at 1 CSR 40-1.050.

RESPONSE: There are at least ten (10) separate bonuses and preferences that must be considered when evaluating bids. These preferences are in addition to the evaluation criteria set forth by the purchasing agency, such as price and quality. In some cases, multiple bonuses and preferences have the capacity to overwhelm the criteria that represent the needs and budgetary limitations of the purchasing agency. Especially when a large number of factors must be evaluated, the Office of Administration believes it is in the best interest of the state to permit agencies to set a rating scale to meet its needs and to insure the best value while still affording service-disabled veterans a preference over other vendors. The proposed amendment will not be changed in response to these comments.

COMMENT #30: Harvey Tettlebaum, on behalf of Husch Blackwell LLP, sent a letter of comment suggesting four (4) areas of change to the proposed amendment—

1. Omit the amendment to paragraph (4)(A)7. of the rule defining criteria for "single feasible source" purchasing. The comment stated that "the Commissioner cannot plausibly determine, in advance by rule, that in every single instance the listed topics will be available only from a single source";

2. Extend the time period for filing a protest from ten (10) days to twenty-one (21) days in section (9);

3. Omit sections (14), (15), and (17) and revise subsection (19)(C) dealing with revisions for the purpose of obtaining best and final offers to eliminate any language that is not identical to the statute. The comment stated that these subsections allow for revisions, amendments, or supplementation to the bid/proposal documents or information after the bids/proposals have been submitted in violation of section 34.042, RSMo. The comment stated that section 34.042, RSMo, gives limited latitude to conduct "negotiations" and permits revisions only "for the purpose of obtaining best and final offers." The comment stated that these subsections are overly broad in that they allow for various revisions, including a revision "for any reason," and they present resource issues for the state. Also, the comment stated that these sections are "unnecessary because relevant information should all be in the proposal documents"; and

4. Create a new section in the rule reciting the division's records retention responsibilities.

RESPONSE AND EXPLANATION OF CHANGE:

1. The Office of Administration believes this comment is based on a misreading of the statute and the proposed amendment. The criteria listed would not require the commissioner to forego the competitive bidding process, instead they are permissive and merely intended to provide "additional guidelines and examples to determine satisfaction of the criteria" required by section 34.044, RSMo. However,

in order to eliminate confusion to the public, the amendments to subsection (4)(A) will not be made as proposed, and the language of this subsection will remain as it reads in the current rule.

2. The time period for filing a protest is in the existing rule, and is not altered by the proposed amendment. A relatively short time frame for the filing of a protest advances the state's interest in finality, while preserving a bidder/officer's ability to point out any significant errors that it believes would have changed the outcome of the evaluation process. The Office of Administration believes twenty-one (21) days is too long a period to hold open the award of a contract after the evaluation is complete. The point is well taken, however, that ten (10) calendar days, with weekends and holidays included, might hinder a bidder/officer's ability to present the issues fully and fairly. The rule will therefore be amended to set the deadline for filing a protest at ten (10) business days.

3. Section 34.042.3, RSMo, gives the state the statutory authority to set forth evaluation criteria in a request for proposal (RFP) and through subsequent negotiations. The statute contemplates that changes to an RFP may occur through the bid process, as is frequently the case, and the state may require vendors to clarify their responses. It is not uncommon for the state to recognize, once all responses have been submitted, that changes to the RFP are required to clarify contractual terms, loosen standards to achieve lower costs, or allow vendors to correct errors in their responses. Frequently, vendors fail to fully comply with an RFP. Without the ability to negotiate and revise the RFP, the state would have to restart the process by issuing a new RFP. This is not practical due to resource and time constraints. Furthermore, it is not contemplated by the statute.

Section (14) allows the state to seek clarification of clerical errors in a bid response. Section (15) allows the state to waive minor technicalities or irregularities in the bid/proposal process. Section (17) allows the state to consider relevant information and facts, whether gained from a bid/proposal response, from a bidder/officer or their references, or from any other source. Finally, subsection (19)(C) allows the state to make changes to the RFP that are in the best interest of the state. All sections and the subsection are supported by sections 34.042.3 and 34.040.3, RSMo. Moreover, the statutes do not prohibit the state from stating in a rule or bid/proposal that it will consider all relevant information.

The Office of Administration believes that the flexibility of these sections and subsection is supported by sections 34.042.3 and 34.040.3, RSMo, and is necessary for efficient and effective purchasing operations. The proposed amendment will not be changed in response to this portion of the comment letter.

4. Chapter 109, RSMo, creates the State Records Commission and gives it the responsibility for determining schedules for the disposition of state agency records. The Division of Purchasing has an approved schedule on file with the Office of the Secretary of State detailing its responsibilities for records retention. Use of the administrative rulemaking process for describing records retention responsibilities is potentially inconsistent with the statutory framework of Chapter 109, RSMo. The proposed amendment will not be changed in response to this portion of the comment letter.

(4) When the supplies meet the criteria delineated in section 34.044, RSMo, the division may elect to utilize the Single Feasible Source procurement method. The following delineates additional guidelines and examples to determine satisfaction of the criteria:

(A) The following guidelines may be utilized to determine if supplies may be purchased as a single feasible source due to being proprietary:

1. The parts are required to maintain validity of a warranty;
2. Additions to a system must be compatible with original equipment;
3. Only one (1) type of computer software exists for a specific

application; *or*

4. Factory authorized maintenance must be utilized in order to maintain validity of a warranty;

5. The materials are copyrighted and are only available from the publisher or a single distributor; and

6. The services of a particular provider are unique, e.g., entertainers, authors, etc.;

(9) A bid or proposal award protest must be submitted in writing to the director or designee and must be received by the division within ten (10) business days after the date of award. If the tenth day falls on a Saturday, Sunday, or state holiday, the period shall extend to the next state business day. A protest submitted after the ten (10) business-day period shall not be considered. The written protest should include the following information:

#### **ORDER OF RULEMAKING**

By the authority vested in the Department of Health and Senior Services under sections 195.030 and 195.195, RSMo 2000, the department amends a rule as follows:

#### **19 CSR 30-1.015 Registrations and Fees *is amended.***

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on June 1, 2011 (36 MoReg 1451–1454). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Health and Senior Services received four (4) comments on the proposed amendment.

COMMENT #1: Thomas Vaughn, on behalf of the Missouri Dental Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that the department's rulemaking authority is found in section 195.030.1, RSMo, and requires public

notice and a hearing. The department is not following the requirements of section 195.030.1, RSMo, and the proposed amendments should be withdrawn until public hearings can be held.

**RESPONSE:** Chapter 195, RSMo, grants the department authority to promulgate rules in sections 195.015, 195.017, 195.030, 195.041, 195.050, and 195.195, RSMo. Section 195.015, RSMo, provides authority for the department to add, reschedule, and delete controlled substances to the schedules after public notice and hearing. The department is to consider specific factors listed in section 195.015, RSMo, make findings, and issue a decision prior to modifying the controlled substance schedules. The hearing in section 195.030.1, RSMo, refers to the hearing required for the scheduling of controlled substances as supported by the exclusion of the hearing requirement in the grant of rulemaking authority for waiving registration requirements and for record-keeping and inventory requirements. This operates to prevent the department from promulgating rules relating to the scheduling of controlled substances without following the more specific provisions of section 195.015, RSMo. No changes have been made to the rule as a result of this comment.

**COMMENT #2:** Thomas Vaughn, on behalf of the Missouri Dental Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that going from the current three (3)-year registration cycle back to an annual registration will be burdensome for practitioners.

**RESPONSE:** Prior to 2000, the department issued registrations that were valid for a one (1)-year period. Since the department moved to a three (3)-year registration cycle in 2000, there have been an increasing number of practitioners moving without notifying the department, leading to registrations being terminated and practitioners prescribing controlled substances without current and valid controlled-substance registration. Other agencies have had similar issues of not being able to track licensees and maintain current licenses when they converted from one (1) year to two (2) year licenses. Those agencies have converted back to annual licenses. Returning to an annual registration will allow for a more accurate database, prevent disciplinary actions, and reduce the number of practitioners having to reapply for new registrations. No changes have been made to the rule as a result of this comment.

**COMMENT #3:** Thomas Vaughn, on behalf of the Missouri Dental Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that the fiscal note estimate that individual practitioners will be able to complete the application in fifteen (15) minutes is highly optimistic. The fiscal note also does not address the paperwork cost of providing lengthy collaborative practice agreements. For those reasons, the fiscal note does not appear to satisfy the requirements of section 536.205.1(3), RSMo, and a new fiscal note and affidavit is required.

**RESPONSE:** The department believes it will not take longer than fifteen (15) minutes to complete the application. The fiscal note is based on this estimate. No changes have been made to the rule as a result of this comment.

**COMMENT #4:** The department received five (5) letters in support of this proposed amendment from the Missouri Nurses Association, Sharon Giboney, Carl Joseph Giboney, Desma R. Reno, and GeorgAnn Greissinger.

**RESPONSE:** No changes have been made to the rule as a result of these comments.

By the authority vested in the Department of Health and Senior Services under section 195.195, RSMo 2000, the director amends a rule as follows:

19 CSR 30-1.017 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on June 1, 2011 (36 MoReg 1455-1462). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** The Department of Health and Senior Services received fifteen (15) comments on the proposed amendment.

**COMMENT #1:** The Missouri Academy of Physician Assistants commented that the rule uses the term "physicians assistant." The proper title of the profession according to section 334.735, RSMo, is "physician assistant."

**RESPONSE AND EXPLANATION OF CHANGE:** The department agrees, and the term has been changed to physician assistant throughout the rule.

**COMMENT #2:** The Missouri Academy of Physician Assistants commented that the department should use the more precise terms "physician assistant" and "nurse practitioner" rather than "mid-level practitioner."

**RESPONSE:** Physician assistants must be registered by the department before they can obtain a federal registration from the United States Drug Enforcement Administration (DEA). The DEA registration category for physician assistants is "mid-level practitioner." The term "mid-level practitioner" is used to comply with and be consistent with federal law and is defined in 21 CFR 1300.01(28). These rules and forms will not only be used for the two (2) mid-level practitioner types currently authorized in Missouri, but also to cover additional types of mid-level practitioners the state may authorize in future years. The DEA will only issue the same type of registration with information that matches exactly. No changes have been made to the rule as a result of this comment.

**COMMENT #3:** The Missouri Academy of Physician Assistants commented that in subsection (8)(C) the application asks for a federal Drug Enforcement Administration registration number (DEA number) if the applicant has one. Since a state Bureau of Narcotics and Dangerous Drugs (BNDD) registration is required to obtain a federal DEA registration, one person suggested that this question about the DEA registration be eliminated.

**RESPONSE:** Asking for an existing DEA number allows the department to better identify and verify the applicant and ensure the applicant's Missouri registration information matches the federal registration information. Applicants moving to Missouri from other states and applicants who have been registered with the department before will have an existing DEA number. No changes have been made to the rule as a result of this comment.

**COMMENT #4:** The Missouri Academy of Physician Assistants commented that in subsection (8)(G) the department should not ask physician assistants to provide board certifications since they already provide that information to the Missouri Board of Registration for the Healing Arts. Physician assistants practice within the scope of practice of their supervising physicians. Given the flexibility of the profession, a physician assistant may practice within multiple specialties throughout the course of their professional career. Physician assistants are required by Missouri law to maintain certification from the National Commission on Certification of Physician Assistants (NCCPA) as a condition of licensure. Also, there are no nationally-recognized specialty board certifications, outside of the NCCPA, for

**Chapter 1—Controlled Substances**

**ORDER OF RULEMAKING**

physician assistants. Subsection (8)(G) should be eliminated.

**RESPONSE AND EXPLANATION OF CHANGE:** Section (8) and the application form will be amended to clarify that information regarding board certifications are only part of a voluntary census for determining Health Professional Shortage Areas (HPSA).

**COMMENT #5:** The department received five (5) letters in support of this proposed amendment from the Missouri Nurses Association, Sharon Giboney, Carl Joseph Giboney, Desma R. Reno, and GeorgAnn Greissinger.

**RESPONSE:** The department is in agreement. No changes have been made to the rule as a result of this comment.

**COMMENT #6:** Thomas Holloway, with the Missouri State Medical Association, and Thomas Vaughn, on behalf of the Missouri Dental Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that applications should only have questions relating to controlled substance registrations and issues pertaining to Chapter 195, RSMo. The applications as proposed contain questions that are not germane to controlled substance registrations and those questions should either be voluntary or removed.

**RESPONSE AND EXPLANATION OF CHANGE:** The rule has been changed to clarify what questions must be answered for controlled substance registrations and what questions are optional and voluntary as part of a voluntary census for determining Health Professional Shortage Areas (HPSA).

**COMMENT #7:** Thomas Vaughn, on behalf of the Missouri Dental Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that the department's rulemaking authority is found in section 195.030.1, RSMo, and requires public notice and a hearing. The department is not following the requirements of section 195.030.1, RSMo, and the proposed amendments should be withdrawn until public hearings can be held.

**RESPONSE:** Chapter 195, RSMo, grants the department authority to promulgate rules in sections 195.015, 195.017, 195.030, 195.041, 195.050, and 195.195, RSMo. Section 195.015, RSMo, provides authority for the department to add, reschedule, and delete controlled substances to the schedules after public notice and hearing. The department is to consider specific factors listed in section 195.015, RSMo, make findings, and issue a decision prior to modifying the controlled substance schedules. The hearing in section 195.030.1, RSMo, refers to the hearing required for the scheduling of controlled substances as supported by the exclusion of the hearing requirement in the grant of rulemaking authority for waiving registration requirements and for record-keeping and inventory requirements. This operates to prevent the department from promulgating rules relating to the scheduling of controlled substances without following the more specific provisions of section 195.015, RSMo. No changes have been made to the rule as a result of this comment.

**COMMENT #8:** Thomas Vaughn, on behalf of the Missouri Dental Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that the purpose of application questions regarding an applicant's race and ethnicity in subsections (5)(A) and (7)(D) is not clear. Such questions are intrusive and serve no rational purpose related to an individual's ability to prescribe or dispense controlled substances and are not authorized by law. The questions should be either voluntary or removed.

**RESPONSE:** This information allows the department to verify identity and assists in investigations and criminal background screenings since race is part of the identifying information submitted to the National Criminal Intelligence Center (NCIC) to complete a criminal history check. No changes have been made to the rule as a result of this comment.

**COMMENT #9:** Thomas Vaughn, on behalf of the Missouri Dental

Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that the questions on the applications pertaining to drug abuse and previous drug treatment in subsections (5)(K) and (7)(P) require practitioners to make a judgment whether a drug regimen, even with a prescription, constitutes abuse in order to respond. There is no definition for a practitioner to follow to determine whether he or she has abused. It requires disclosure of information which would otherwise be protected by a physician-patient relationship. It requires the disclosure of protected health information and raises a question about how BNDD will protect and deal with the information once it is collected.

**RESPONSE AND EXPLANATION OF CHANGE:** The department asks this question pertaining to current drug abuse or recent diagnoses within the past year because section 195.040.2, RSMo, prohibits the department from issuing a registration to a person who is abusing controlled substances. The records are stored in a locked and secured manner with limited access, and the records are used strictly for registration and enforcement of Chapter 195, RSMo. The application responses would be closed to the public pursuant to section 195.042, RSMo, and federal law and may only be copied, shared, or released under circumstances allowed by those laws. The department has modified the questions in sections (5), (7), and (8) to define abuse and to make the question similar to questions asked by other state licensing authorities.

**COMMENT #10:** Thomas Vaughn, on behalf of the Missouri Dental Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that the requirement in subsections (5)(T) and (8)(K) for both the physician and the mid-level practitioner to provide a copy of the collaborative practice agreement with their applications creates a substantial paperwork burden and is duplicative and unnecessary.

**RESPONSE AND EXPLANATION OF CHANGE:** The department agrees. Mid-level practitioners will be submitting copies of any agreements they have entered into pursuant to Chapter 334, RSMo. Therefore the department will not need to collect a second copy from physicians. This requirement will be removed from physicians' applications in section (5).

**COMMENT #11:** Thomas Vaughn, on behalf of the Missouri Dental Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that the fiscal note estimate that individual practitioners will be able to complete the application in fifteen (15) minutes is highly optimistic. The fiscal note also does not address the paperwork cost of providing lengthy collaborative practice agreements. For those reasons, the fiscal note does not appear to satisfy the requirements of section 536.205.1(3), RSMo, and a new fiscal note and affidavit is required.

**RESPONSE:** The department believes it will not take longer than fifteen (15) minutes to complete the application. The fiscal note is based on this estimate. No changes have been made to the rule as a result of this comment.

**COMMENT #12:** Thomas Holloway, with the Missouri State Medical Association, and Thomas Vaughn, on behalf of the Missouri Dental Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that the requirement in subsections (5)(Q), (R), (S), and (U) and (7)(E), (G), and (M) for individual practitioners to provide information about which languages the applicant speaks fluently, the applicant's primary specialty and any board certification, the applicant's secondary and tertiary specialties and certifications, information regarding the applicant's practice setting at the address(es) provided, obligations pending at those locations, whether services are provided at a reduced rate, using sliding fees scale, whether Medicaid is accepted, whether new patients are being accepted at the time of the application, the number of hours worked per week for each location for performing direct patient care (non-hospital), administration, research, teaching, in-patient hospital care, and other are completely unrelated to the drug

prescribing activities of the practitioner. Whether or not responses are provided to these questions should not be a basis for denial of an application as incomplete, and responses should not be the basis of licensure action for submitting false information on an application. There is also concern that incorrect responses could result in action against the applicant's professional license by the Missouri Medicaid Audit and Compliance Unit or other regulatory agencies.

**RESPONSE AND EXPLANATION OF CHANGE:** Census questions have been removed as part of the required application information in the rule. Questions pertaining to controlled substance registrations must be answered fully and truthfully and will be marked as required fields on the application forms with an asterisk as now indicated in the rule. Information regarding hours worked at each practice location will remain as part of the required application information in order for the department to determine the applicant's principle practice location.

**COMMENT #13:** Thomas Vaughn, on behalf of the Missouri Dental Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that going from the current three (3)-year registration cycle back to an annual registration will be burdensome for practitioners.

**RESPONSE:** Prior to 2000, the department issued registrations that were valid for a one (1)-year period. Since the department moved to a three (3)-year registration cycle in 2000, there have been an increasing number of practitioners moving without notifying the department, leading to registrations being terminated and practitioners prescribing controlled substances without current and valid controlled substance registration. Other agencies have had similar issues of not being able to track licensees and maintain current licenses when they converted from one (1) year to two (2)-year licenses. Those agencies have converted back to annual licenses. Returning to an annual registration will allow for a more accurate database, prevent disciplinary actions, and reduce the number of practitioners having to reapply for new registrations. No changes have been made to the rule as a result of this comment.

**COMMENT #14:** Thomas Vaughn, on behalf of the Missouri Dental Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that the requirement in subsection (6)(M) that retail businesses are required to provide the department with a "no tax due" letter from the Missouri Department of Revenue is an unnecessary added burden of paperwork. The Missouri Board of Pharmacy requires each retail pharmacy to file a tax clearance letter and there is no need to collect the same information a second time. The BNDD could just obtain this information through a cooperative agreement with the Board of Pharmacy.

**RESPONSE:** Since 2007, section 144.083.2, RSMo, has required retail businesses to provide a "no tax due statement" from the Missouri Department of Revenue to licensing agencies to verify the applicant has both a retail sale license and that no taxes are due. The only retail businesses registered by the department under Chapter 195, RSMo, are retail pharmacies. Pharmacies have been providing these letters to the department as part of their licensure process since 2007. The addition of the requirement will allow the department to refuse to register retail pharmacies that fail to comply with section 144.083.2, RSMo. No changes have been made to the rule as a result of this comment.

**COMMENT #15:** Rose International commented that the rule includes researchers as individual practitioners and requires that they complete the same application and provide the same information as individual practitioners such as physicians, dentists, and mid-level practitioners. Some institutional practitioners such as hospitals or universities are research facilities and the questions for individual practitioners are not applicable to them.

**RESPONSE AND EXPLANATION OF CHANGE:** Since hospitals and universities would otherwise be registered as institutional practitioners both with the department and the federal Drug Enforcement

Administration, section (6) has been changed to specifically add researchers.

#### **19 CSR 30-1.017 Registration Process**

##### **(1) Database and Survey Process.**

(C) Simultaneously with completing an application for a controlled substances registration, practitioners may also complete an annual voluntary census to assist the department in determining practitioner shortages and underserved regions of the state. Required questions and fields for controlled substance registrations are marked with an asterisk (\*) in the electronic online system and on paper applications.

##### **(5) Applications for Individual Practitioner Registrations.** Applications by physicians, veterinarians, optometrists, podiatrists, and researchers for Missouri Controlled Substance Registrations shall include:

(B) A listing of all addresses and practice locations where controlled substance activities will be taking place. The applicant's street addresses, cities, zip codes, counties, and state. The number of hours worked per week for each location shall be provided for performing direct patient care (non-hospital), administration, research, teaching, in-patient hospital care, and other. The applicant shall also identify his or her primary, principle practice location, where he or she spends the most time. This will be the principle practice address that appears on the controlled substances registration. A physical street address is required and post office box addresses shall not be accepted;

(K) Whether the applicant is abusing or has abused or been treated for or diagnosed with addiction regarding controlled substances during the past year. For purposes of this subsection, "abusing" or "abused" means using or having used a controlled substance in a manner not authorized under Chapter 195, RSMo;

(P) What drug schedules the applicant is requesting authority in; and

(Q) A listing of mid-level practitioners by name and license number with whom applicant has agreements pursuant to Chapter 334, RSMo;

##### **(6) Applications for Pharmacies and Businesses.** Applications for retail pharmacies and ambulance services, ambulatory surgery centers, analytical laboratories, correctional centers, distributors, exporters, hospices, hospitals, importers, manufacturers, narcotic treatment programs, long-term care facility E-kits, teaching institutions, researchers, or other applicants not listed in sections (5)-(8), shall include:

##### **(7) Applications for Dentists.** Applications for dentists with the degrees of D.D.S. or D.M.D. shall include:

(Q) The applicant shall sign and date an application submitted on paper and may use the electronic process if applying online.

(8) Applications for Mid-Level Practitioners. Applications for mid-level practitioners as defined by 21 CFR 1300.01(b)(28) such as advanced practice nurses and physician assistants shall include:

(E) The applicant's email address;

(F) Whether the applicant is licensed to practice and conduct activities and the applicant's licensure type, license number, and name of licensing agency;

(G) What controlled substance schedules (III, IV, or V) the applicant is requesting to conduct activities in;

(H) Which physicians the applicant has collaborative or supervision agreements with;

(I) A copy of the applicant's collaborative or supervision agreements with physicians, and a list of controlled substances from each physician that the mid-level practitioner is authorized to conduct activities with, in that agreement;

(J) The applicant's street address, city, zip code, county, and state of the applicant's primary, principle practice location. This will be the principle address that appears on the controlled substances registration. Post office boxes shall not be accepted. Applicants shall also provide any secondary practice location addresses and the number of hours worked per week for each location for performing direct patient care (non-hospital), administration, research, teaching, in-patient hospital care, and other;

(K) The applicant's business phone number and fax number;

(L) The applicant's criminal history information as it pertains to controlled substance laws. The applicant shall answer yes or no as to whether the applicant or any employee with access to controlled drugs has ever plead guilty, no contest, *nolo contendere*, or ever been convicted of any violation of state or federal law relating to controlled substances;

(M) Information regarding any previous or pending disciplinary actions regarding the applicant's professional license or any controlled substance registration, as to whether the applicant's privileges or authority have been revoked, surrendered, suspended, restricted, or placed on probation, or if any application for a state license or any drug registration has ever been denied;

(N) Whether the applicant has abused or been treated for or diagnosed with addiction regarding controlled substances during the past year. For purposes of this subsection, "abusing" or "abused" means

using or having used a controlled substance in a manner not authorized under Chapter 195, RSMo;

(O) The application shall be submitted with the required fee and fee information. If claiming an exemption from a fee, the applicant shall identify the name of the government agency that employs the applicant;

(P) The applicant shall provide copies and attachments of any guilty pleas, convictions, or disciplinary actions identified in subsections (L) and (M) of this section, if the department does not already have them on file; and

(Q) The applicant shall sign and date an application submitted on paper and may use the electronic process if applying online.

## **Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES**

### **Division 30—Division of Regulation and Licensure**

#### **Chapter 1—Controlled Substances**

#### **ORDER OF RULEMAKING**

By the authority vested in the Department of Health and Senior Services under section 195.195, RSMo 2000, the director amends a rule as follows:

#### **19 CSR 30-1.019 Registration Location is amended.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on June 1, 2011 (36 MoReg 1463). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** The Department of Health and Senior Services received two (2) comments on the proposed amendment.

**COMMENT #1:** The department received five (5) letters in support of this proposed amendment from the Missouri Nurses Association, Sharon Giboney, Carl Joseph Giboney, Desma R. Reno, and GeorgAnn Greissinger.

**RESPONSE:** No changes have been made to the rule as a result of these comments.

**COMMENT #2:** Thomas Vaughn, on behalf of the Missouri Dental Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that the department's rulemaking authority is found in section 195.030.1, RSMo, and requires public notice and a hearing. The department is not following the requirements of section 195.030.1, RSMo, and the proposed amendments should be withdrawn until public hearings can be held.

**RESPONSE:** Chapter 195, RSMo, grants the department authority to promulgate rules in sections 195.015, 195.017, 195.030, 195.041, 195.050, and 195.195, RSMo. Section 195.015, RSMo, provides authority for the department to add, reschedule, and delete controlled substances to the schedules after public notice and hearing. The department is to consider specific factors listed in section 195.015, RSMo, make findings, and issue a decision prior to modifying the controlled substance schedules. The hearing in section 195.030.1, RSMo, refers to the hearing required for the scheduling of controlled substances as supported by the exclusion of the hearing requirement in the grant of rulemaking authority for waiving registration requirements and for record-keeping and inventory requirements. This operates to prevent the department from promulgating rules relating to the scheduling of controlled substances without following the more specific provisions of section 195.015, RSMo. No changes have been made to the rule as a result of this comment.

**ORDER OF RULEMAKING**

By the authority vested in the Department of Health and Senior Services under section 195.195, RSMo 2000, the director amends a rule as follows:

19 CSR 30-1.023 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on June 1, 2011 (36 MoReg 1463–1464). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** The Department of Health and Senior Services received five (5) comments on the proposed amendment.

**COMMENT #1:** The Missouri Academy of Physician Assistants commented that the department should use the more precise terms “physician assistant” and “nurse practitioner” rather than “mid-level practitioner.”

**RESPONSE:** Physician assistants must be registered by the department before they can obtain a federal registration from the United States Drug Enforcement Administration (DEA). The DEA registration category for physician assistants is “mid-level practitioner.” The term “mid-level practitioner” is used to comply with and be consistent with federal law and is defined in 21 CFR 1300.01(28). These rules and forms will not only be used for the two (2) mid-level practitioner types currently authorized in Missouri, but this rule will cover additional types of mid-level practitioners the state may authorize in future years. The DEA will only issue the same type of registration with information that matches exactly. No changes have been made to the rule as a result of this comment.

**COMMENT #2:** The Missouri Nurses Association, Sharon Giboney, Carl Joseph Giboney, Desma R. Reno, and GeorgAnn Greissinger commented that the department should not use the term “collaborating supervision agreements” in subsection (2)(B) of the rule. It should instead refer to collaborating or supervising agreements since physician assistants are “supervised” and advanced practice nurses “collaborate” with physicians.

**RESPONSE AND EXPLANATION OF CHANGE:** The department attempted to use words to describe the vertical relationship between physicians and mid-level practitioners they have agreements with. Different mid-level practitioners have differing statutes and terms. There is also a possibility in the future that additional mid-level practitioners may have controlled substance authority. To accommodate all of these possibilities in the future, the department is amending subsection (2)(B) to remove the words “collaborating” and “supervising” and instead refer to physicians and mid-level practitioners who have agreements pursuant to Chapter 334, RSMo.

**COMMENT #3:** The Missouri Academy of Physician Assistants commented that subsection (2)(B) should be eliminated in its entirety. Physician assistants should not be required to submit the name of a supervising physician as that information is no longer submitted to the Missouri Board of Registration for the Healing Arts. A physician assistant’s credentials to practice, including the registration to prescribe controlled medication, are the responsibility of the individual physician assistant. If physician assistants have to surrender their state registration every time they change professional practice situations or supervising physicians, they will not be fully able to participate in patient care until a new state registration is processed.

Additionally, physician assistants are already subject to discipline if they prescribe outside their delegated authority.

**RESPONSE:** There is no need for mid-level practitioners to reapply when their supervising physician moves, retires, or expires. The proposed amendment states that since the authority comes through the physician, if a physician retires, expires, or closes his/her registration, the mid-level practitioner’s controlled drug authority should cease until his or her collaborating or supervising physician has either obtained a new registration or the mid-level practitioner can submit a new agreement with a new physician. A mid-level practitioner can amend his or her registration and no surrender is required. No changes have been made to the rule as a result of this comment.

**COMMENT #4:** Thomas Vaughn, on behalf of the Missouri Dental Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that the department’s rulemaking authority is found in section 195.030.1, RSMo, and requires public notice and a hearing. The department is not following the requirements of section 195.030.1, RSMo, and the proposed amendments should be withdrawn until public hearings can be held.

**RESPONSE:** Chapter 195, RSMo, grants the department authority to promulgate rules in sections 195.015, 195.017, 195.030, 195.041, 195.050, and 195.195, RSMo. Section 195.015, RSMo, provides authority for the department to add, reschedule, and delete controlled substances to the schedules after public notice and hearing. The department is to consider specific factors listed in section 195.015, RSMo, make findings, and issue a decision prior to modifying the controlled substance schedules. The hearing in section 195.030.1, RSMo, refers to the hearing required for the scheduling of controlled substances as supported by the exclusion of the hearing requirement in the grant of rulemaking authority for waiving registration requirements and for record-keeping and inventory requirements. This operates to prevent the department from promulgating rules relating to the scheduling of controlled substances without following the more specific provisions of section 195.015, RSMo. No changes have been made to the rule as a result of this comment.

**COMMENT #5:** The department received five (5) letters in support of this proposed amendment from the Missouri Nurses Association, Sharon Giboney, Carl Joseph Giboney, Desma R. Reno, and GeorgAnn Greissinger.

**RESPONSE:** No changes have been made to the rule as a result of these comments.

**19 CSR 30-1.023 Registration Changes**

**(2) Termination of Registration.**

(B) A mid-level practitioner’s registration shall be contingent upon the physician with whom he or she has entered into an agreement pursuant to Chapter 334, RSMo, having a current and valid registration. When such physician’s registration expires, closes, or is no longer valid, any mid-level practitioner(s) with whom he or she has entered into an agreement shall no longer have controlled substance authority. The mid-level practitioner(s) shall cease controlled drug activities until the physician has obtained a new registration or the mid-level practitioner(s) obtain(s) another agreement with another physician pursuant to Chapter 334, RSMo. Mid-level practitioners and any physician with whom he or she has entered into an agreement pursuant to Chapter 334, RSMo, shall notify the Department of Health and Senior Services of the termination of any such agreement.

**ORDER OF RULEMAKING**

By the authority vested in the Department of Health and Senior Services under section 195.195, RSMo 2000, the director amends a rule as follows:

**19 CSR 30-1.066** is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on June 1, 2011 (36 MoReg 1464). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** The Department of Health and Senior Services received two (2) comments on the proposed amendment.

**COMMENT #1:** The Missouri Academy of Physician Assistants commented that the department should use the more precise terms "physician assistant" and "nurse practitioner" rather than "mid-level practitioner." Also, physician assistants do not practice with a collaborative agreement. Physician assistants practice with physician supervision in accordance with a written supervision agreement.

**RESPONSE AND EXPLANATION OF CHANGE:** Physician assistants and nurse practitioners must be registered by the department before they can obtain a federal registration from the United States Drug Enforcement Administration (DEA). The DEA registration category for physician assistants and nurse practitioners is "mid-level practitioner." The term "mid-level practitioner" is used to comply with and be consistent with federal law and is defined in 21 CFR 1300.01(28). The DEA will only issue the same type of registration with information that matches exactly. The rule will not only apply to the two (2) mid-level practitioner types currently authorized in Missouri, but is intended to cover additional types of mid-level practitioners the state may authorize in future years. The department is amending section (2) to remove the reference to collaborative practice agreements and instead refer to agreements entered into by a mid-level practitioner and individual practitioner pursuant to Chapter 334, RSMo.

**COMMENT #2:** Thomas Vaughn, on behalf of the Missouri Dental Association, Missouri State Medical Association, and the Missouri Pharmacy Association, commented that the department's rulemaking authority is found in section 195.030.1, RSMo, and requires public notice and a hearing. The department is not following the requirements of section 195.030.1, RSMo, and the proposed amendments should be withdrawn until public hearings can be held.

**RESPONSE:** Chapter 195, RSMo, grants the department authority to promulgate rules in sections 195.015, 195.017, 195.030, 195.041, 195.050, and 195.195, RSMo. Section 195.015, RSMo, provides authority for the department to add, reschedule, and delete controlled substances to the schedules after public notice and hearing. The department is to consider specific factors listed in section 195.015, RSMo, make findings, and issue a decision prior to modifying the controlled substance schedules. The hearing in section 195.030.1, RSMo, refers to the hearing required for the scheduling of controlled substances as supported by the exclusion of the hearing requirement in the grant of rulemaking authority for waiving registration requirements and for record-keeping and inventory requirements. This operates to prevent the department from promulgating rules relating to the scheduling of controlled substances without following the more specific provisions of section 195.015, RSMo. No changes have been made to the rule as a result of this comment.

**19 CSR 30-1.066 Dispensing by Individual Practitioners**

(2) Mid-level practitioners shall not independently purchase, stock, administer, and dispense controlled substances. Controlled substances may be administered or dispensed from an individual practi-

titioner's inventory by a mid-level practitioner with whom he or she has entered into an agreement pursuant to Chapter 334, RSMo, when the practitioner is not present at the registered location.

**Chapter 20—Hospitals**

**ORDER OF RULEMAKING**

By the authority vested in the Department of Health and Senior Services under section 197.080, RSMo 2000, the director adopts a rule as follows:

**19 CSR 30-20.097 Safe Patient Handling and Movement in Hospitals is adopted.**

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on June 1, 2011 (36 MoReg 1464–1468). No changes have been made to the text of the proposed rule so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** The department received two (2) comments on the proposed rule.

**COMMENT #1:** The department received a comment from Sandra Swan, with BJC Healthcare, suggesting the wording in subsection (2)(A) be changed to avoid the use of the term "elimination." Potential replacement terms "reduce" or "minimize" were offered as suggestions.

**RESPONSE:** The intent of the rule is to eliminate manual lifting, transferring, and repositioning of all or most of a patient's weight. The current language "or most of the patient's weight" implies that there may be situations when minimal manual lifting efforts would be acceptable. No change is being made to this proposed rule as a result of this comment.

**COMMENT #2:** The department received a comment from Sandra Swan, with BJC Healthcare, suggesting the word "equipment" be added after the word "movement" in subsection (2)(C), since appropriate equipment selection is a part of the patient lift assessment.

**RESPONSE:** The intent of the process is to assess each patient's needs. Adding the term "equipment" could be interpreted to mean that every patient would be required to be moved with the assistance of a piece of equipment. The assessment will determine whether or not a piece of equipment will need to be utilized in order to safely move a patient. No change is being made to this proposed rule as a result of this comment.
